NEW-YORK.

Terms.

All my **Invoices** are payable three months from Date to the order of my New-York agents, **M^{essrs} Mc. Hutchison & Co, 218, Fulton Street, New-York.**

A discount of 3 % will be allowed on invoices paid within one month from date of same; 5 %—10 days.

1/2 % per month will be charged if accounts are not settled within the 3 months from date of Invoice.

Conditions.

On which all orders entrusted to my care, are to be executed.

All Plants and Bulbs travel at **buyers risk.**

While I shall exercise the **greatest care in packing** and selecting. I can under no circumstances assume any responsibility for **damage in transit.**

No complaints entertained unless made immediately upon receipt of goods to **M^{essrs} Mc. Hutchison, 218, Fulton Street, New-York.**

No complaints accepted for any **delay, damage** or heating on transit etc., as being entirely beyond my control.

I assume no **responsibility for shortages** on orders of Plants and Bulbs, which may occur through the season, on account of weather conditions.

While I shall invariably try to meet the prices of the competition, I reserve the right to change the present catalogue prices without further notice. This does not refer however to orders, which have previously been accepted.

Should the size or variety asked for be exhausted or lacking in quality, the size or variety most approaching it will be supplied, unless instructions to the contrary are given.

I reserve the right to cancel orders through previously accepted, should financial reports of the customer prove unsatisfactory.

The catalogue prices do not include the cost of packing.

Send your orders early.

Shipments.

Shipments (unless otherwise instructed) are invariably made via the **Red Star Line** from Antwerp in care of **M^{essrs} M. Hutchison & Co, New York**, who will attend to the customhouse entries and prompt reshipment to the best advantage of my customers.

Ocean freight, duty and Marine Insurance are charged at cost and must be paid upon arrival of the shipment in New York.

Hoping to be favored with a share of your patronage, I remain.

Yours very respectfully,
Arthur De Meyer.

Azalea Indica.

I have the largest cultivation of Azalea Indica in Belgium and I grow largely the varieties required by the United States.

My plants are always of perfect shape and well budded and my new system of packing should meet with the approval of my American customers. The varieties Mad. Van der Cruyssen and Simon Mardner will again be very scarce next season but I can supply of these varieties a very large percentage.

Commercial Varieties.

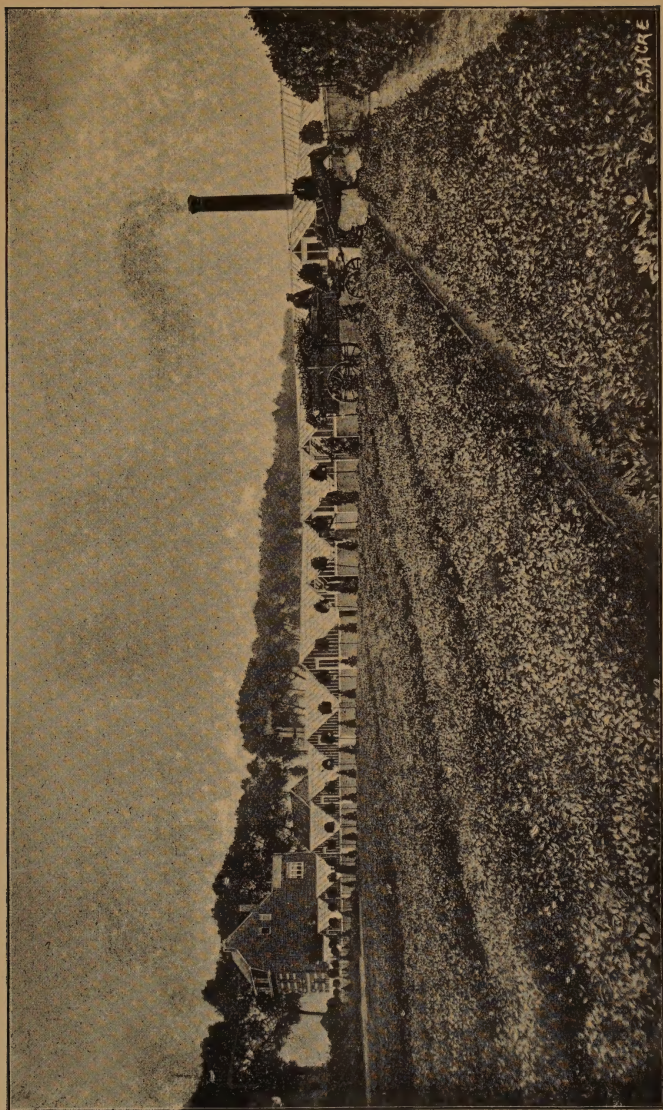

- Alba plena odorata**, single, pure white very fine.
- Apollo**, (Schlz), semi double, dark scarlet. Early.
- Bernhard Andreas**, (Mardner), double, rosy purple, Late.
- Bernhard Andreas alba**, double, pure white extra, Late.

Azalea Mollis.

Azalea mollis is a native of Japan and undoubtedly one of our most beautiful shrubs for forcing or planting in groups or borders in Parks or Gardens. The flowers are larger and of more perfect form than those of the *A. Pontica* variety, and resemble in form and size those of the Indian Azaleas. Their gorgeous colors vary from yellowish white, rose, all shades of yellow to the richest orange.

Hybrid Azalea Mollis.

AZALEA MOLLIS HYBRIDA.

A quite new and distinct hybrid of hardy Azaleas their flowers are larger than those of Azalea mollis. The period of flowering is between that of Azalea mollis and pontica.

Their hardiness, vigorous growth, fine habit luxuriant foliage and profusion of attractive flowers, render them one of the most beautiful of flowering shrubs in cultivation.
